

Toolcat™ UTILITY WORK MACHINE

Toolcat™ 5600 Utility Work Machine: Changing the Way the World Works

The new Toolcat™ 5600 is an entirely new concept in utility work machines. It was developed by Bobcat Company after hundreds of hours of research with customer discussion groups around the nation. Customers told us what they wanted in a machine that would excel at large property maintenance and commercial groundskeeping. Bobcat engineers went to work, and after years of planning, designing and testing, created a machine like no other on earth - the Toolcat 5600!

The Toolcat is designed to have all the best features of a loader, pickup truck and attachment carrier. It will not only take you and a co-worker to the jobsite, it will also complete the job like no other machine can!

Remember that there's never been a machine like the Toolcat 5600. It's the first of its kind and it offers an excellent opportunity for you to capitalize on your Bobcat sales experience and expertise. Now you can carry those sales skills over to a new and exciting product category - the utility work machine.

In addition to this sales specialist's guide, Bobcat Company offers you the following resources to assist you in your Toolcat sales efforts:

Turn the page and take the first step in getting familiar with the concept behind the Toolcat utility work machine, its features, benefits and market opportunities.

Toolcat™ Utility Work Machine

Specifications

Machine

5600

Engine	44 hp Kubota diesel
Weight (no attachments)	4400 lb.
Overall Dimensions (length x width x height)	148 x 61 x 81 in.
Wheelbase	85 in.
Outside Turning Diameter (AWS)	17 ft.
Fuel Capacity	8.3 gal.
Tire Size	27 x 10.5-15 (6-ply)
Ground Clearance	10.2 in.
Travel Speeds	
Low Range	0 - 10 mph
High Range	0 - 18 mph
Reverse	0 - 10 mph

Loader

Rated Operating Capacity (ROC)	1500 lb.
Lift Height (pivot pin)	84 in.
Max. Reach (pivot pin)	35 in.
Roll-Back Angle (at ground level)	21°
Dump Angle (at full lift height)	38°
Loader Control	Pilot-controlled hydraulic joystick with integrated float feature

Attachment Systems

Hydraulic Flow	16.5 gpm
Hydraulic Pressure	3000 psi
Bob-Tach™ quick-attach system mounted to the loader	
Hydraulics supplied by quick couplers with pressure-release system	
Hydraulics activated by variable-rate fingertip controls	

Cargo Box and Machine Capacities

Cargo Box Volume	18 ft ³ (2/3 yard ³) - struck
Cargo Box Size (length x width x height)	61 x 52 x 10 in.
Bed Height (from ground)	37 in.
Cargo Box Lift	Dual hydraulic cylinders
Cargo Box Maximum Load	2000 lb.
Machine Rated Capacity (combined weight of load on lift-arm, cargo box load, operator and passenger)	2200 lb.
Total Rated Capacity (combined weight of load on lift-arm, cargo box load, operator, passenger and tow weight)	4200 lb.

Standard Features

All-wheel steer	Hourmeter with resettable job clock
Automatic glow plugs	Hydraulic box lift
Bolt-on box sides with stake pockets	Quick-latch tailgate
Cruise control	Rear hitch
Driver's side armrest with Toolcat Interlock Control System (TICS™)	Speedometer
Engine and hydraulic monitor with shutdown	Suspension driver's seat
Front and rear suspension	Tachometer
Front window with dual wipers	Three-point seat belt
Fuel and temperature gauges	Two-speed transmission
Full-time four-wheel drive	Variable-speed hydrostatic drive
Hand throttle	Worklights
Complies with SAE J1040 / ISO 3471 for roll-over protection (ROPS)	
Complies with SAE J1043 / ISO 3449 (level one) for falling object protection (FOPS)	

NOTE — Where applicable, dimensions are in accordance with Society of Automotive Engineers (SAE) ANSI and ISO standards. Specifications and design are subject to change without notice. Pictures of machines may show other than standard equipment. Bobcat Company complies with the requirements of ISO 9001 as registered with BSI.

Bobcat Built

Over the past 50 years, Bobcat Company has revolutionized the compact equipment industry with countless innovations in compact loaders, excavators and attachments. This spirit of innovation has been channeled into the new Toolcat product line to give these unique machines first-class features, top performance, with Bobcat toughness and dependability.

Designed and built by Bobcat Company in the United States, the Toolcat 5600 is backed by unmatched parts and service support through the worldwide Bobcat dealer network.
